Causes Sickness Good Health Impossible with a Disordered Stomach

There is nothing that will create sickness or cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard or abuse of the stomach.

I urge every one suffering from any stomach derangement, indigestion or dyspepsia, whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that I will refund their money without question or formality, if after reasonable use of this medicine they are not satisfied with the results. I recommend them to my customers every day, and have yet to hear of any one who has not been benefited by them. Three sizes, 25c, 50c and \$1 a box. Sold in Maysville only at my store—The Rexall Store. Thos. J. Chenoweth.

Isador Rayner, the only Hebrew in the United States Senate, was yesterday chosen by both Houses of the Maryland Legislature to succeed himself.

ONLY NECESSARY TO TREAT THE STOMACH, SAYS COOPER

The new theory advanced by L. T. Cooper relative to the human stomach has attracted such widespread attention that the public in cities visited by the young man has been joined by many physicians in a discussion of his beliefs and medicines.

Mr. Cooper says that human health is dependent almost entirely upon the stomach. He says that no disease can be conquered without first alleviating all stomach disorders. He further says that most men and women of this generation are half-sick, owing to degenerate stomachs. And lastly, he claims that his New Discovery medicine will rejuvenate the human stomach in 90 days.

Cooper has been traveling from one city to another, conducting in each what he calls a campaign of education. For the past year he has met the public in the larger cities of the country, and his success has been phenomenal. Thousands of people have flocked to his headquarters wherever he has gone, and the sale of his medicine has been beyond anything of the kind ever before witnessed.

Possibly the most interesting feature of the attention this young man has attracted is what his army of followers, whom he has converted to his beliefs through his medicines, have to say on the subject. The following statements are from two well known residents of Chicago and Boston, respectively, and the enthusiasm of these is characteristic of Cooper's admirers generally.

Mrs. H. B. Mack of 3201 State street, Chicago, says: "I have been suffering for 12 years from a combination of stomach troubles, catarrh and constipation. I had a gnawing pain in the pit of my stomach, a sort of a dull

pain that I could not quite understand. Then there was a dull headache, and my mind seemed to be wandering continually. I could not eat, and what little solid food I did eat I could not retain on my stomach. I tried every remedy I could think of, and also tried out a number of patent medicines, but without any apparent result. It was through one of my friends that I heard of Cooper's preparation, and I immediately decided to try some of it. It is two weeks since I took my first dose of it, and I feel like a new woman. The headache seems to have disappeared, and the pain in my stomach along with it. The medicine is worth its weight in gold, and I want to thank Mr. Cooper for what he has done for me."

Mr. Edwin F. Morse of 20 Oakley street, Dorchester, a suburb of Boston, says: "For three years I had not a well day. My stomach was in frightful shape; the mere thought of food would nauseate me, and I really had a horror of anything to eat. All solid food would cause me extreme indigestion, bloating and gas on my stomach, and nothing tasted right. Some time ago I got some of this Cooper's medicines, about which there is so much talk. I actually feel as well and strong as a boy ever since the first bottle. Every sign of stomach trouble has disappeared, and I have a hearty appetite and eat three square meals; everything seems to taste good. Any one who knows what chronic indigestion is can appreciate what this means to me. I consider this the most remarkable medicine I ever heard of."

I sell Mr. Cooper's medicines, and find them to be all he claims.—Thos. J. Chenoweth.

Captain John C. Oliver, veteran riverman, died suddenly this week at his home at Gallipolis. He was known all along the Ohio and was about 70 years of age.

After the ice gorge broke at Wolf Creek the towboats Sprague, Pittsburgh, Duquesne and Harry Brown left Louisville with immense tows of coal for Southern markets.

According to the official snowfall bulletin, there is a depth of snow over the Allegheny watershed of from four to nine inches, and over the Monongahela and Youghiogheny of from one to ten inches, which, if the warm weather continues, may cause quite a flood.

The Wolf Creek gorge, below Louisville, broke Tuesday. It did not wait to be blown to fragments by dynamite in the hands of United States engineers. Warm rains, heavy winds and the force of millions of tons of "back water" served as the gigantic ice tongs which lifted the seventy-five mile ice gorge out of the river, turned it over, dropped it back into place, and then sent it gracefully gliding down stream to the warm waters of the lower river for a final dissolution. Rivermen and old residents say it was the greatest gorge every known in the Ohio river.

Beware of Ointments For Catarrh That Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Dandarine

GROWS HAIR

and we can

PROVE IT!

A lady from Minnesota writes: "As a result of using Dandarine, my hair is close to five feet in length."

Beautiful Hair at Small Cost

HAIR troubles, like many other diseases, have been wrongly diagnosed and altogether misunderstood. The hair itself is not the thing to be treated, for the reason that it is simply a product of the scalp and wholly dependent upon its action. The scalp is the very soil in which the hair is produced, nurtured and grown, and it alone should receive the attention if results are to be expected. It would do no earthly good to treat the stem of a plant with a view of making it grow and become more beautiful—the soil in which the plant grows must be attended to. Therefore, the scalp in which the hair grows must receive the attention if you are to expect it to grow and become more beautiful.

Loss of hair is caused by the scalp drying up, or losing its supply of moisture or nutriment; when baldness occurs the scalp has simply lost all its nourishment, leaving nothing for the hair to feed upon (a plant or even a tree would die under similar conditions).

The natural thing to do in either case, is to feed and replenish the soil or scalp as the case may be, and your crop will grow and multiply as nature intended it should.

Knowlton's Dandarine has a most wonderful effect upon the hair glands and tissues of the scalp. It is the only remedy for the hair ever discovered that is similar to the natural hair foods or liquids of the scalp.

It penetrates the pores quickly and the hair soon shows the effects of its wonderfully exhilarating and life-producing qualities. One 25-cent bottle is enough to convince you of its great worth as a hair growing and hair beautifying remedy—try it and see for yourself.

NOW at all druggists in three sizes, 25c, 50c and \$1.00 per bottle.

FREE To show how quickly Dandarine acts, we will send a large sample free by return mail to anyone who sends this free coupon to the KNOWLTON DANDARINE CO., CHICAGO, ILL., with their name and address and loc in silver or stamps to pay postage.

Mrs. Whitlaw Reid will receive \$30,000,000, one half of her father's estate, the late D. O. Mills. Brother gets other half.

BRAMMER—DICKSON.

Mr. Claude Brammer, aged 19, and Miss Edith Dickson, aged 16, of Lewisburg, were married yesterday in the County Clerk's office, Judge W. H. Rice officiating.

MAUD AND THE JUDGE
Maud Muller on a summer's day
Was sitting on the Singer Building.

Beneath her straw hat glowed the wealth
Of four 100-karat rings and a pearl necklace.
The Judge rode slowly o'er the lane
Called Broadway on his aerial touring car.

He looked at Maud, Maud looked at him,
Which was more or less natural under the cir-
cumstances.

Said he, "I'd like a little drink."
"Nothing easier," said Maud, opening another
bottle.

"Thanks," said the Judge; "a sweeter draught
Would have crabbied my digestion. I like
mine dry."

He smiled and slowly rode away.
"Geel!" said Maud, "but these Judges are a
fierce bunch."

"If I the Judge's bride might be,
I see where I'd be soon renting a hall bedroom
in Sioux Falls, South Dakota."

The Judge observed, with furrowed brow;
"Her father owns the Glue Trust; he might
need a Judge for a son-in-law."

JOSEPH CANNON's days are certainly numbered, but nobody yet knows what the number is.—Richmond Times-Dispatch.

Despondent because he was out of work, Charles M. Murphy, a carpenter, committed suicide at Louisville by taking acid.

The gauge marks 36.6 and rising slowly this morning, and for the present, at least, the dread of a big flood has passed. What February, the month of high water, will do remains to be seen. There is no use borrowing trouble, however; rather let us hope for the best.

Women do make good detectives—once in awhile. A lady out West had suspicions regarding the death of her father after he had lived with a new wife two months. The widow had collected the life insurance money, got her furniture together and moved to Columbus, Nebraska. Miss Elder followed the furniture and found the short-time step-mother living with a Doctor as his wife. She hurried back to St. Louis and had her father's body exhumed. Strychnine was found. The gay widow has been arrested and languishes behind the bars, thinking it all over.

Yesterday noon there was at one time standing in the vicinity of the two big loose leaf tobacco warehouses in the East End 41 two and four horse wagon loads of tobacco, waiting their turn to be unloaded. During the day at least 75 loads were taking in at both houses. Besides, the Taylor re-drying plant, South of Forest avenue, was busy taken in Burley Society tobacco. Equity tobacco was also being received at several other warehouses in the city, and taken altogether it is quite probable that more tobacco was delivered here yesterday than ever before in the history of the city. One thing is certain, a considerable sum of money was paid out.

Fortune Telling

Does not take into consideration the one essential to woman's happiness—womanly health. The woman who neglects her health is neglecting the very foundation of all good fortune. For without health love loses its lustre and gold is but dross. Womanly health when lost or impaired may generally be regained by the use of Dr. Pierce's Favorite Prescription.

This Prescription has, for over 40 years, been curing delicate, weak, pain-wracked women, by the hundreds of thousands and this too in the privacy of their homes without their having to submit to indelicate questionings and offensively repugnant examinations.

Sick women are invited to consult Dr. Pierce by letter free. All correspondence held as sacredly confidential. Address: World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y. Dr. PIERCE'S GREAT FAMILY DOCTOR BOOK, The People's Common Sense Medical Adviser, newly revised up-to-date edition—1000 pages, answers in plain English hosts of delicate questions which every woman, single or married, ought to know about. Sent free, in plain wrapper to any address on receipt of 21 one-cent stamps to cover mailing only, or in cloth binding for 31 stamps.

On the basis of 150,000 deaths yearly from tuberculosis in the United States, the National Association for the Study and Prevention of Tuberculosis computes that there are 684,934 persons constantly sick with this disease. Allowing only \$500 as the average earnings of the workingman who dies, the annual loss to the country from the ranks of labor alone is over \$114,000,000 each year.

Burley Poolers to Receive Money Which Winchester Tried to Tie Up

LEXINGTON, Ky., January 19th.—Three hundred thousand dollars, the balance of the 1906 and 1907 pools of the Burley Tobacco Society, will be distributed among the growers according to an announcement made today, as the result of the failure of the Clark county growers to ask a rehearing in the recent Receivership proceedings against the Society.

The Clark county interests had been given until January 17th in which to file a petition for a rehearing with the Kentucky Court of Appeals.

DEMOCRATS IN SADDLE

And Tie Up County Unit Local Option Bill in Legislature

Conn Linn, Democrat, Acting Governor—Legislation Blocked

FRANKFORT, Ky., January 19th.—Strong protests from Democrats throughout the State are being received against what they term is a conspiracy of certain Democrats of the Senate to kill the County Unit Bill. Two years ago the measure was killed by being pigeon-holed. The stand of the Democrats, it is asserted, will mean certain defeat for the Democrats at the next election. Business in the Senate is absolutely tied up and there is much bitter feeling over the Local Option measure. Fifteen days have passed and not a single bill has been sent to a committee.

The fight for the "wets" is made under the leadership of Senator Combs of Lexington, while the fight for the "drys" is being led by Senator Thomas of Paris and Senator Watkins of Union county.

President Pro Tem Linn called the Senate to order but the Governor's Private Secretary, McKenzie Todd, appeared in the Senate and announced that Lieutenant-Governor Cox was now in Ohio and that Linn was Acting Governor of Kentucky. The Senators applauded and Linn vacated the chair, designating Senator Eaton as presiding officer.

Motion of Senator Linn that the Senate take a recess of fifteen minutes to call on Linn and congratulate him was adopted. Senator Lewis Arnett seconded the motion heartily, he said, because it was the first time in two years that Kentucky had a Democratic Governor.

The fight for and against the County Local Option Bill in the Kentucky Legislature continued yesterday and the matter was no nearer settlement than on Tuesday. There was absolutely no progress made towards passing the bill, and after several hours jockeying and filibustering, all the members gathered around the temporary Governor, Senator Linn, and "congratulated him" so much that an adjournment was had until this morning.

A SIMPLE QUESTION.

Maysville People Are Requested to Honestly Answer This.

Is not the word of a representative citizen of Maysville more convincing than the doubtful utterances of people living everywhere else in the Union? Read this:

Mrs. Della Meas, 328 East Front street, Maysville, Ky., says:

"About seven years ago kidney trouble made its appearance in my case, the first symptom being a sharp pain through my kidneys, accompanied by a bearing-down feeling across my hips and loins. Dull, miserable headaches soon began to bother me, and I often became so dizzy that if I did not catch hold of something I would have fallen. I continued to grow worse, until I was often confined to my bed for a week at a time. No remedy I used helped me, and I was in a bad way. Dropsical swellings appeared, and there was an almost complete retention of the kidney secretions. My body also bloated, and it would be impossible to describe the misery I endured. I had about despaired of ever being cured, when I read of a person who had been freed of a similar trouble by Doan's Kidney Pills. Deciding to try them, I procured a supply at J. J. Wood & Son's Drugstore, and I obtained so much relief from the first box that I continued taking the remedy until entirely cured. I have no hesitation in saying that Doan's Kidney Pills saved my life."

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with irritants or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ.

Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.

CHENOWETH'S

Liquid Meat Smoker

Is not an experiment. It has been used for years in this locality with success and satisfaction. It enables one to smoke meat by the simple application of this concentrated liquid smoke. Time is saved. The meat is better preserved. Danger from fire and theft is avoided. The meat is not dried out by the tedious, old-fashioned process of smoking, and the saving of loss of weight will more than pay for the smoker. One bottle will smoke an ordinary butchering.
